Program Information

Today's Program was developed for your professional education, not for the creation of an industry standard and is subject to each state's codes, regulations and laws on the subject matter. Any information provided during the Program is intended to serve only as a guide for members of the fuel oil industry and does not create a standard of care.

Neither the FMANJ nor NORA warrant that the information provided during the Program will prevent any lawsuit by your customers or their insurers. It is your responsibility to review the information and to take any action which you believe is appropriate. The information provided during the Program is a tool to assist you and is not intended to be a substitute for any on-site diagnosis. The information provided is one source of information, others should include relevant codes, manufacturer instructions, information from other education providers, and the experience that you have acquired.

Neither FMA nor NORA shall be held liable for any improper or incorrect use of the information provided during the Program and assumes no responsibility for anyone's use of the information.
