Finally, A Cast Iron, 3-Pass, Tankless Coil BioFuel Boiler!

The new Saint Roch "UNIVERSAL" cast iron boiler, with it's triple pass design and low water content, is equipped with a cylindrical DHW coil and a "Smart" electronic controller to manage water temperature to minimize fuel consumption. The UNIVERSAL boiler thermal efficiency is E-Star listed at 87% AFUE for Biofuel burners using up to B100. Enjoy confidence with the SRU series with it's limited lifetime warranty and it's versatility to switch from B20 Biofuel to Gas or vice versa by simply changing the burner. Learn more at: www.saintroch.us • 800-501-7697.

TPI View is Easy and it's Free

Test Products Intl., Inc. (TPI) makes job management easy and affordable. With "TPI View", and a wide range of affordable smart devices, you can measure combustion, air-flow, temperature, pressure, CO and CO₂.

TPI View works with all TPI Smart Probes with no subscription fees or hidden costs.

A Burner for All Liquid Fuels: The Beckett RF Series

As consumers continue to demand heating solutions with smaller carbon footprints, R.W. Beckett will introduce its next-generation residential burner, the RF, to meet this industry-wide challenge in the fourth quarter of this year. From the ground up, the RF series is designed to be 100% compatible with all liquid heating fuels, both traditional and renewable, out of the box. This includes biodiesel and renewable diesel blends for maximum fuel flexibility.

Allanson AirGuard C600 UVC Air Purification

Commercial grade UVC Air Purification Ceiling Fixture with multi-stage filtration and UVC sterilization chamber to purify your indoor air up to 99.99%. Integrated smart sensing technology allows for efficient and timely replacement of critical components. This unique feature, the only one in its class, ensures continuous operation and air purification.

H12 and H13 HEPA filter options available to meet all requirements. Learn more at www.allanson.com/airguardc600 or 1.800.668.9162.

Essentially An FPPF Solution

Treating fuel operated systems involves much more than pouring an additive into a tank. "Preventative Maintenance" is a necessity whether you are operating/storing fuel for your heating system or motor vehicle.

PROTECTION EQUALS PROFIT:

- PROTECTS year round
- PREVENTS fuel line freeze-ups
- CONTROLS waxing & gelling
- DISPERSES water in heating oil & kerosene
- PREVENTS corrosion in the entire fuel system
- ALSO SOLD in 1 gal & 55 gal drum

FPPF additives are your energy assistance programs in a bottle.

Granby's Conforto Series Of European Style Boilers

Granby's Conforto Series of high efficiency cast iron European style boilers combines the time tested three pass system with technological advances and one of the industry's highest AFUE ratings. The Conforto Boiler, in combination with our Distinctive Designer Steel Panel Radiators, makes for a highly efficient, economical heating system. Compare the high efficiency Energy Star rated Conforto Boiler to any boiler on the market and you'll find that dollar for dollar, feature for feature, satisfied customer for satisfied customer, we remain America's Best Heating Value. Granby Industries. GranbyIndustries.com, 207-942-3636.

Resolute RTM Oil Boiler: Up to 91.1 AFUE Polypropylene Vent (Sidewall and Chimney)

The evolution of 12 years of success of the 90+ Resolute non-condensing boiler for homes that already have a tank or multiple zones. Off-the-shelf oil burner and boiler components, pre-piped and pre-wired for easy installation, quiet operation, and exceptional energy savings with our Display Energy Manager control.

Lifetime limited warranty—see actual warranty for Details. B20 compliant with burner certified for use with B20 biofuel blends, such as Carlin EZ 1. Also Available in natural gas and propane (Up to 90.3 AFUE).

North America's Most Accurate and Affordable Tank Level Monitor

Our goal has always been to produce a monitor with an exceptionally low cost of ownership—making large-scale implementation affordable for all fuel resellers.

Benefits include:

- Robust industrial design
- Industry leading battery life (up to 20+ years)
- Works with all tanks and software
- GPS positioning
- The only dual SIM with CATM and NBIOT cellular technology
- Five-year warranty
- Quick and easy installation
- No Internet or gateway needed
- Free branded app and promotional materials

LECTROTRUCK Stair Climbing System

The LECTROTRUCK easily moves heavy boilers up or down steps, on or off pick-up truck beds, with the push of a button!

Design features include:

- Detachable & rechargeable battery pack
- High-torque motor
- Aircraft hardened steel drive screw
- LTA6512E = 1500 lb lift capacity
- LTA5512E = 1200 lb lift capacity
- Max lift height of 41 inches
- These are two models most preferred by installation crews.

Roth Double-Wall Oil Storage Tank

- Leak-proof and will not corrode
- Outer tank holds 110% of inner tank volume for maximum protection
- Up to 50% lighter than conventional steel tanks
- Can use for heating oil, diesel and bio fuels
- Compact, economical design
- 5 sizes available – multiple tank installation configurations
- Quality control and testing exceeds industry standards
- Up to \$2 million clean-up policy PLUS 30 years product warranty

For more information, roth-america.com or call 1-888-266-7684

Improve IAQ, Cure Damp, Musty Basements—Conform with ASHRAE Ventilation Standards

The XCHANGER™ X2D is a unique, energy-saving fan with a dehumidistat control to automatically ventilate basements or other areas of stale, musty or smelly air. Two reversible 90 CFM fans exhaust stale air, draw fresh outside air in or provide a balanced air exchange. Uses only 40 watts vs over 1000 watts for a typical dehumidifier. Saves over \$100/yr in electricity. X2R has a remote mount hood & can be mounted on wall or ceiling. Great for

damp, musty basements, cellars, garages, storage areas, workshops or cabins. Tjernlund Products, Inc. • 800-255-4208 • tjernlund.com

Wöhler A 450 Flue Gas Analyzer—Compact, Rugged, Loaded with Smart Functions

- Switch on—read off—done
- All measurement and tuning functions
- High resolution 5" color touchscreen
- Free Wöhler A 450 App (iOS and Android)

B20 Compatible Oil Furnaces

Thermo Pride and Spirit™ oil furnaces are B20 compatible.

This means that when you choose these trusted furnaces, you're choosing a more sustainable way to keep your home warm.

Visit ThermoPride.com for the latest news from Thermo Products.

Hydratech DTX Glycols

Coolflow DTX—High performance non-toxic secondary refrigerant, suitable for replacing Propylene Glycol in food and cold storage cooling systems.

Thermox DTX—High efficiency, non-toxic ground and air source heat pump antifreeze.

hydratechfluids.com

DTX benefits include;

- Proven to reduce energy costs by >10%
- Potential 60% fluid price saving if DTX replaces MPG

- Low viscosity - Easier to pump
- Fully inhibited - Protection against corrosion, scaling, and biological fouling

A NEW Flexible Duct Hanger That Prevents Sagging and Kinking

Duct Saddles are a new flexible duct hanger that prevents sagging and kinking. This load distributing effect eliminates “strap strangle” and increases air flow 30% on average. DS3 features a super-convenient strap channel which allows the saddles to be installed

after both ends of the strapping are attached! The benefits of using DS3 include reduced labor costs and increased revenue for the contractor with greater operating efficiency & longer equipment life for the customer. Stocked by SUPCO in HVACR supply houses nationwide.

DS3-LLC 559-658-1010 • www.DuctSaddles.com

No-Clog Dryer Duct Booster® meets UL 705 DEDPV & IRC-2015 requirements

Dryer Duct Booster Saves significant energy—reduces drying times 50% or more. Reduces lint build-up, dust & fire hazards by maintaining proper velocity in duct runs up to 150 equivalent feet. Features the Lint Blitzer™ material handling wheel & 5 year no-clog guarantee. 50 watt motor is not exposed to

heat, lint or moisture. Includes 115 VAC cord - automatic operation. Suitable for gas and electric dryers. tjernlund.com

Alta Combi and Heating Boilers by U.S. Boiler Company

It's the easiest boiler you'll ever install because it's the most advanced boiler ever made. The Alta features no-touch combustion setup, rate based temperature reset (no outdoor sensor), three sided service access and simple two-step fuel conversion with no kits required. Alta Combi is available in 136 and 200 MBH DHW, Alta heating models are available in 80, 120, 150, and 180 MBH.

Williamson Centennial High Boy & Low Boy Oil Furnaces

Built with an industry leading 10-gauge primary heat exchanger for durable quiet performance expected by homeowners. Designed for easy installation, the Centennial includes an A/C fan center and factory-wired plug-in burner connections. The pre-formed slide-out combustion chamber, dual spring-loaded clean-out ports, with obser-

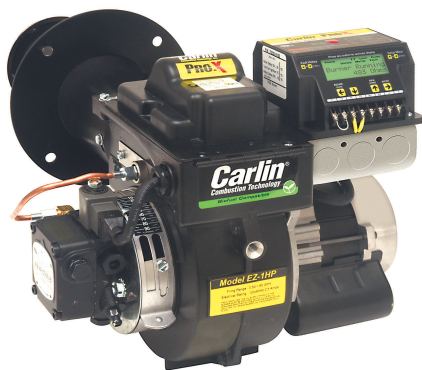

vation opening, and test port, make inspection and service fast and easy. Available in Variable Speed [ECM] or Direct Drive Motor. 800-736-2378 • williamson-thermoflo.com

Maximize Your Efficiency & Profitability With ADD Systems

ADD Systems' software is designed to maximize the efficiency and profitability of fuel delivery and service/HVAC businesses. Our one-stop solution includes A/R,

dispatching/mobile delivery, dispatching/mobile service, wholesale, inventory, and BI reporting. With ADD's team of dedicated industry professionals, clients can expect outstanding customer support for their 24/7 businesses. Our ever-evolving solutions come from a partnership with clients and a commitment to constant research and development. To learn more visit addsys.com or call 800-922-0972.

Carlin's UL Listed B100 Burner

Carlin's UL Listed B100 burner is built to optimize combustion of all fuels, from #2 through B100. Burners are equipped with a B100 Suntec pump and fully programmable Pro-X 70200 primary control with patented Smart Ignition. Upgrades include dimensional changes to the combustion head assembly, factory set post purge, higher operational

Ohms range, and increased pump pressure for improved atomization of high biofuel blends. For more information visit: www.carlincombustion.com
